

# LIGHTFAIR INNOVATION AWARDS 2022 WINNERS

The 33rd independent panel of judges from the IES and IALD reviewed each submission and selected a Category Winner for each of the 14 categories.

06/22/2022

"Our independent panel of judges from the IES and IALD reviewed each submission and selected a Category Winner for each of the 14 categories. Further, they continued to review the top 14 to select the Most Innovative Product of 2021, Technical Innovation Award and Design Excellence Award. Judging criteria included the product's clarity of purpose, versatility, adaptability, sustainability, ease of use, design efficiency and aspects that enhanced human wellbeing, among others. Although selecting winners was not easy, these products stood out in winning the nod from our judges."

## **Technical Innovation Award:**

Mcwong International, Inc.

Category Winner

TruBlu Bluetooth mesh Fixture Controller with Long Range Antenna: Technical Innovation Award

The TruBlu Bluetooth mesh Fixture Controller with Long Range Antenna offers flexible yet powerful networked lighting control outdoors. Since hardwiring is cost-prohibitive for outdoor applications, the introduction of a long-range (900ft) Bluetooth mesh wireless controller that can be integrated directly into a wide range of commercially available fixtures eliminates "range anxiety." Together with features like continuous dimming, DLC certification, zone and luminaire level lighting control options, this controller enables cost-effective Bluetooth mesh control for outdoor lighting.

## **Design Excellence Award:**

Edison Price Lighting

Category Winner

Easy-Link: Design Excellence Award

Edison Price introduces EasyLink - a modular linear lighting system with a quick connector for ease of installation in any configuration. The socket rotates from downlight to upright or any angle in-between. Linear sections can be assembled with in-line, T, X, and U connectors for limitless possibilities. Honeycomb or louvered baffles reduce glare while providing light output up to 2900 lumens in a 4' section. Easy-Link can be suspended, or mounted on walls or ceilings, attached to tables or floor mounted with a weighted base.

## **Most Innovative Product of the Year:**

Klus

Category Winner

MIFOR-70 Lighting System: Most Innovative Product

Introducing MIFOR! Draw a shape and KLUS will transform it into a luminaire. MIFOR is a system that allows unlimited design flexibility to create irregular lighting fixtures of almost any shape. The fixtures can take the form of circles or soft arcs transforming into the shape of a luminous line or plane. MIFOR's main attraction is undoubtedly not being limited to specific standard fixtures. MIFOR encourages unconventional creativity. Create lighting according to the architect's / end user's imagination Enable visual consistency with any interior design Guaranteed pattern repeatability.

## **Judges' Citation Award:**

Gripple, Inc.

Category Winner

CombiCable: Judges' Citation Award

CombiCable by Gripple, is a combined power and suspension pendant system. It enhances luminaire aesthetics, eliminating the need for zip ties to secure aircraft cable to the power cord after installation. Our innovative end-to-end system easily installs into a 7/8" knockout on the fixture and connects directly into a conduit box via the supplied crossbar and low-profile canopy. The mechanical support from the aircraft cable allows both hands to terminate the conductors, improving health and safety. CombiCable can be height adjusted via the rip cord and is pre-assembled for ease and speed.

## The Product Category Winners:

### **Non-Luminous: Research, Publications, Software, and Specialty Hardware**

Gripple, INC. Viso Systems APS

### **Lamps: Conventional, Retrofit and Replacement**

LED Smart

### **LED/OLED, Chips and Modules:**

AMS OSRAM

### **Ballasts, Transformers, Drivers, Systems and Kits:**

Keystone Technologies

### **Track, Display, Undercabinet and Shelf:**

HEVI LITE, INC.

### **Recessed Downlights, Wall Washers and Multiples:**

USAI Lighting

### **Indoor Decorative:**

KLUS

### **Parking, Roadway and Area Luminaries:**

ANP Lighting

**Sports, Step, Landscape, Pool and Fountain Luminaries:**

Wagner Architectural Systems

**Control Components and Hardware:**

McWong International

**Commercial Indoor: Troffers, Suspended and Surface Mounted:**

Edison Price Lighting

**Industrial, Germicidal, Vandal, Emergency and Exit:**

Pure Lighting

**Dynamic Color, Theatrical, Cove, Stripes and Tape:**

Pure Edge Lighting

**Control Enabling Technology, Connectivity and Software:**

Keystone Technologies
