

USAI Lighting TrueZero360

July 16, 2022

USAI Lighting, the award-winning LED lighting manufacturer, has just released the TrueZero360 collection, providing the ultimate in low-profile recessed lighting.

Designed with **USAI's** recessed lighting aesthetic, which floats seamlessly along the ceiling plane, and delivered with a four-part patented optical system—Quiet Comfort Optics—this new product family is packed with more than 2,000 glare-free delivered lumens, providing the perfect balance of performance and comfort with the most seamless ceiling you will ever see. Choose from Truly Zero Trimless 00-in. Regress and Truly Subtle $\frac{3}{8}$ -in. Regress in multiple trim options and a variety of finishes to meet the needs of the architecture and intent for any space.
