USAI Lighting Launches New TrueZero360 Collection

Posted on July 10, 2022 by davidc@ccr-mag.com

USAI Lighting, the award-winning LED lighting manufacturer, has just released its newest collection – TrueZero360 – the ultimate in low-profile recessed lighting.

Designed with USAI's unique new recessed lighting aesthetic, which float seamlessly along the ceiling plane, and delivered with a 4-part patented optical system—Quiet Comfort Optics™—this new product family is packed with over 2000 glare-free delivered lumens, providing the perfect balance of performance and comfort with the most seamless ceiling you will ever see.

Choose from Truly Zero Trimless 00" Regress and Truly Subtle 3/8" Regress, trim options, and a variety of finishes to meet the needs of the architecture and intent for any space.
