USAI Lighting New BeveLED Mini Basic PANCAKE

Posted on August 14, 2022 by davidc@ccr-mag.com

USAI Lighting, the award-winning LED lighting manufacturer, has just released its newest innovation – BeveLED Mini Basic PANCAKE – the thinnest high-powered, all-in-one, adjustable, recessed light fixture – ever.

With an unbelievable 2.3" depth enabled by USAI's patented and highly compact design, the ambitious pancake-thin family can live anywhere and everywhere – making seamless and universal all-in-one adjustability between downlight, adjustable and wall wash fixtures super simple. It's ultrathin for tight spaces while also stacked with features and ultimate performance.
