## Recessed lighting presents low-profile look

From: [USAI Lighting](#)

**USAI Lighting** releases its newest collection, TrueZero360, for low-profile recessed lighting. Designed with USAI's recessed lighting aesthetic, TrueZero360 floats seamlessly along the ceiling plane, with one singular identity for all offerings—downlight, wall wash and adjustable options. Delivered with a four-part optical system—Quiet Comfort Optics—the product family gives off more than 2,000 glare-free lumens, providing a balance of performance and comfort.
